## FEEDBACK PROCESS AT NMIET

### Collection of Feedback from Student, Faculty, Alumni, Employee

The feedback collection process at NMIET, aims towards the continual improvement of academic and administrative facilities available in the campus. This ensures that the students have an enriching learning experience.

The institute obtains feedback on the academic performance and ambience of the institution from various stakeholders, such as Students, Teachers, Employers, and Alumni etc. The institute also seeks advice and input from industry leaders to provide value across different areas of engagement.

The Institute collects structured feedback from students' midway through each semester to identify their strengths and weaknesses. The feedback is summarized and compiled by the Head of the Department and shared with the relevant faculty. Any necessary corrections are made based on the feedback provided.

The faculty also provides feedback on the curriculum delivery, including syllabus preparation, lecture delivery, attendance, assessment, and ambience of the institute. This feedback is statistically analyzed and tabulated to enhance the quality of the teaching methodology.

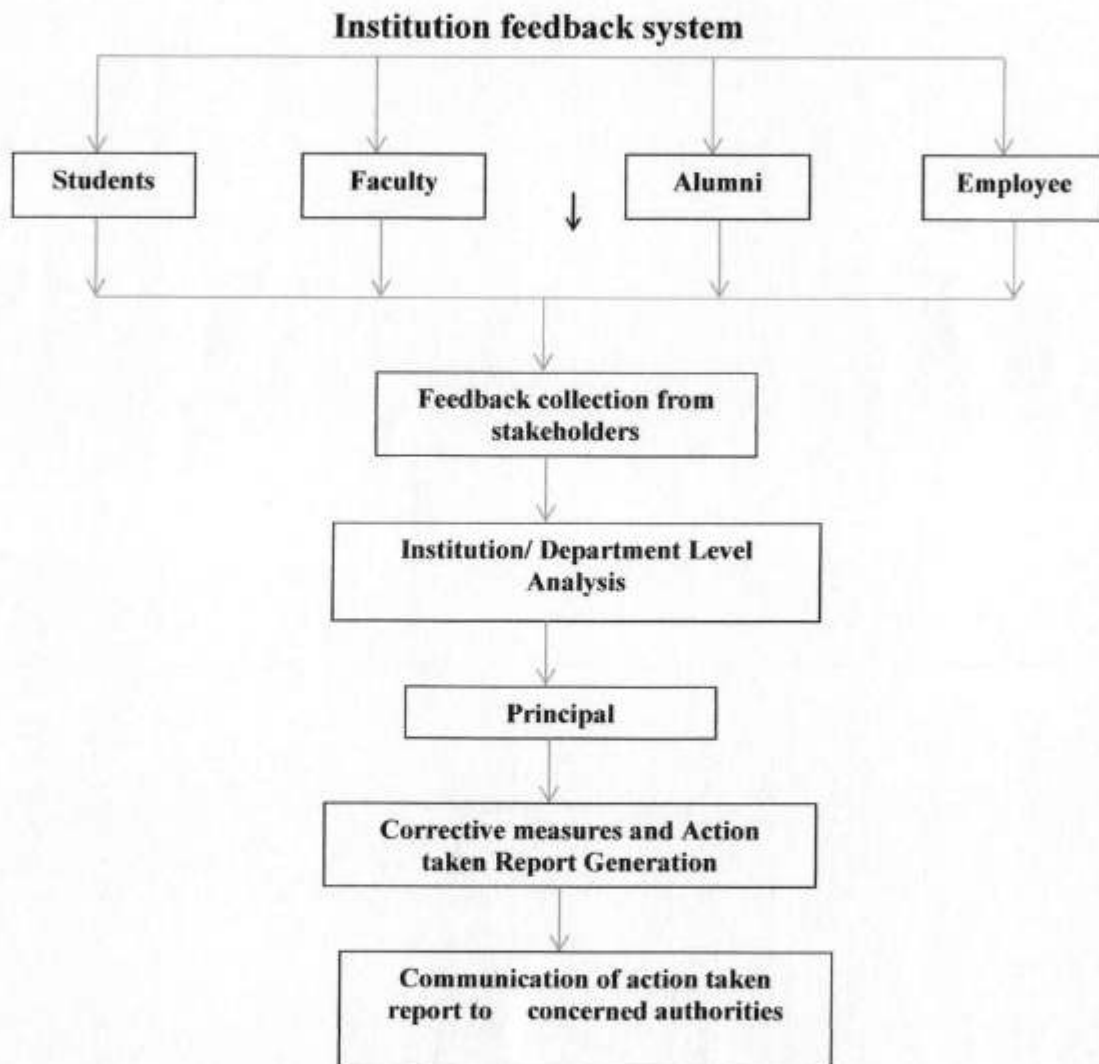

Upon completion of the course, the Institute gathers feedback from the graduating batch to assess the overall quality of the program and other facilities.

Feedback from all stake holders are collected through online and offline channels, and the data is documented. Based on detailed analysis, an action taken report is generated. The action taken report on the feedback is communicated to the relevant authorities and hosted on the on institutional website.

## NM INSTITUTE OF ENGINEERING & TECHNOLOGY SIJUA, PATRAPADA, BHUBANESWAR

**As per the collected feedback from all stakeholders during the session 2021-22, the Feedback Analysis Report as follows:**

### **Students Feedback:**

1. Students need more soft-skills classes which will improve their soft skill knowledge and the chances of getting placement in industries will increase.
2. Extra guidance for the weak students in academic activities.
3. The lab hours are limited, and it is difficult to complete lab work during the allocated time.
4. The library is too small and does not have enough resources.

### **Faculty Feedback:**

1. Industry oriented syllabus should be introduced.
2. Students need more updated journals in the library.
3. Government funded projects should be brought to enhance the experience of the faculty members and create opportunities for students to work on real world project

### **Alumni Feedback:**

1. Financial support for participation in National Conferences at NIT and IITs.
2. Pre Placement Training should be started from 3<sup>rd</sup> semester.

### **Employer Feedback:**

1. Implement current technology in syllabus.
2. Improvement needed in personality development and communication skill.
3. Improvement needed in recent advancement of technology.

### STUDENTS FEEDBACK ON LABS

Programme: B.Tech

Batch: 2021-25

Branch: Civi

Semester: 3<sup>rd</sup>

Name of the Faculty In-Charge of Lab: Ghabani Si

Name of the Lab: FMHM Lab

Name of the Student (Optional):

Choose Grades → 5-Excellent; 4-V.Good; 3-Good; 2-Fair; 1-Poor

Parameters evaluated	Grades Allotted
Experiments of Lab Classes conducted as per schedule provided?	4
Equipment's provided are sufficient?	4
Equipment's provided are in working condition?	4
Lab consumables provided are of good quality?	4
No. of experiments conducted as per University Norms?	4
Design based experiments carried out	4
Lab Manual Provided was complete in covering the syllabus and informative	4
Lab Assistant / Technician assisting you	4
Lab In-Charge is helpful in completing the experiments	4
Opportunity provided to complete experiments which you have partially done or missed	4
Your Suggestion for improvements:	practical classes are more essential than theory classes. So college should arrange more practical classes.

Overall Impression	✓				
Any specific suggestion for improvement in about 50 words.	It is a college of all type of facilities available for the staff and the students for their academic and the management looks after its staff in a nice way. The hostel and library facilities available is of good quality. It is really good for pursuing education for new aspirant students.

Principal  
NM INSTITUTE OF ENGINEERING  
& TECHNOLOGY, BHUBANESWAR

**NM INSTITUTE OF ENGINEERING & TECHNOLOGY  
SIJUA, PATRAPADA, BHUBANESWAR**

Date:10/11/2021

**As per the collected feedback from all stakeholders during the session  
2021-22, Following are the highlighted points:**

**Action Taken Report on Feedback**

Assessing feedback from various stakeholders regarding curriculum upgradation is a crucial step towards improving the quality of the institution. The Institute follows a well-defined, multidimensional process of assessment, which involves gathering feedback from students, teaching faculty, parents, alumni, and employers. This feedback is used to identify any gaps in the curriculum and take measures to bridge them, such as incorporating add-on courses, inviting guest lectures, conducting workshops, seminars, and industrial visits. The objective of this system is to provide a framework for acquiring, summarizing, and documenting information to improve the overall quality of education.

**Feedback Analysis and Action taken report**

<b>Feedback</b>	<b>Action taken</b>
<b>Students</b> <ol style="list-style-type: none"><li>1. Students need more soft-skills classes which will improve their soft skill knowledge and the chances of getting placement in industries will increase.</li><li>2. Extra guidance for the weak students in academic activities.</li><li>3. The lab hours are limited, and it is difficult to complete lab work during the allocated time.</li><li>4. The library is too small and does not have enough resources.</li></ol>	<ol style="list-style-type: none"><li>1. As per the students demand soft-skill classes for all students of different disciplines are increased from 2 hours per week to 3 hours per week.</li><li>2. Remedial classes conducted.</li><li>3. The lab hours are extended to ensure that students have adequate time to complete their lab work.</li><li>4. It is decided to expand the library so that the students can access more resources.</li></ol>

Principal  
NM INSTITUTE OF ENGINEERING  
& TECHNOLOGY, BHUBANESWAR

## NM INSTITUTE OF ENGINEERING & TECHNOLOGY SIJUA, PATRAPADA, BHUBANESWAR

<b>Faculty:</b> <ol style="list-style-type: none"><li>1. Industry oriented syllabus should be introduced.</li><li>2. Students need more updated journals in the library.</li><li>3. Government funded projects should be brought to enhance the experience of the faculty members and create opportunities for students to work on real world project.</li></ol>	<ol style="list-style-type: none"><li>1. Conducted Faculty Development Programmes by inviting eminent persons from different industries to focus on the industry based technical knowledge. More such programs will be organized in next year.</li><li>2. Online journals like E-Journals (DELNET), NPTEL and access to National Digital Library of India is already available in the institute library.</li><li>3. In view of this R&amp;D Cell has been established by the college and started to interact with different industries so as to get different projects.</li></ol>
<b>Alumni:</b> <ol style="list-style-type: none"><li>1. Financial support for participation in National Conferences at NIT and IITs.</li><li>2. Pre Placement Training should be started from 3<sup>rd</sup> semester.</li></ol>	<ol style="list-style-type: none"><li>1. Institute already giving financial support for students' participation in National Conferences at NIT and IITs.</li><li>2. We have started PPT for 5<sup>th</sup> semester and from 1<sup>st</sup> semester we have started soft skill and English Communication classes so as to improve the employability of our students.</li></ol>
<b>Employer:</b> <ol style="list-style-type: none"><li>1. Implement current technology in syllabus.</li><li>2. Improvement needed in personality development and communication skill.</li><li>3. Improvement needed in recent advancement of technology.</li></ol>	<ol style="list-style-type: none"><li>1. Current technology and trends in industry implemented by conducting skill training certificate program and beyond syllabus topics.</li><li>2. The Institution conducted 2 certificate courses which includes Pre Placement Training for personality development and English communication for improvement of communication skill of the students.</li><li>3. For the improvement of the technical knowledge on recent advancement, the institution has conducted add-on courses for different disciplines.</li></ol>
